# Internal Procurement Policy & Governance

Document: Governance Rules & Spending Thresholds

Applies To: Autonomous PO Generation & Supplier Routing

## 1. Autonomous Authority Thresholds

- Maximum Autonomous PO Value: $5,000.00 total order value. Any order > $5,000 requires human manager approval.
- Target Safety Stock Buffer: 14 days of coverage at current daily sales velocity.
- Critical Runway Alert: Runway < 3 days triggers priority fast-fulfillment routing.
- Mandatory Multi-Quote: Non-critical orders > $1,500 must evaluate at least 2 approved vendors.
- Vendor Reliability Floor: Minimum acceptable score is 6.0 / 10.
